

WOOD VENEER

ZIRICOTE

ORIGIN

*Cordia Dedecandra* or *Ziricote* is native of Central America. Its color ranges from medium to dark brown, sometimes with either a green or purple hue, with darker bands of black growth rings intermixed. Ziricote has a very unique appearance, which is sometimes referred to as "spider-webbing" or "landscape" grain figure.

CERTIFICATION

We are FSC (Forest Stewardship Council) certified.
