

WOOD VENEER

GREY ELM QUARTER CUT

ORIGIN

Ulmus Americana or *American Elm* is native of Eastern North America. Trunks on older trees could reach to seven feet across. The six-inch-long, deciduous leaves are dark green throughout the year, fading to yellow before dropping in fall. In early spring, before the new leaves unfold, the rather inconspicuous, small, green flowers appear on pendulous stalks.

CERTIFICATION

We are FSC (Forest Stewardship Council) certified.

LICENSE
FSC - C103157

CERTIFICATE CODE
SGSNA - COC - 006292
